

Become a member of the Ambassador Partners Club :

To support the project, Fabien Leroux wants to federate several dozens of business chiefs, in particular by donating a minimum of 1500€ per company to Ocean heart (500€ after tax exemption for french companies).

The idea is that your company takes this project as its own to make it a real communication operation. Both internally to create links and motivate your teams, and externally to unite your employees, customers and suppliers around this unique human and sporting adventure.

In return for your support and commitment, we offer you :

- a communication kit (free photos and videos).
- digital visibility on our website.
- a visit of the raft and an invitation to the water launch.

Other options: a conference by Fabien in your company, the participation of your manager in our 90-minute film. We can also personalize the marketing operations according to your expectations!

Like our exceptional sponsor Philippe Croizon, join the adventure!
